T-VET

Course costs are met in a shared arrangement between parents, the school and the Catholic Education Office. The parent contribution will be 25% of the individual course cost for each student.

Course costs are placed on an event for the appropriate amount when advice is received from TAFE or a relevant provider. This amount will be invoiced to the school event and is due **in full** by the nominated date on the event. Regular reminders will be sent via Compass each term.

Course costs are non-refundable as it is a requirement of the training organisation that once a student commences a course the fee is applicable even if the student does not complete the course.

School Fee Invoicing and Payments

In accordance with the Diocesan School Fee Management Policy, school fee accounts are issued as an annual invoice, which is due 30 days from the invoice date.

Families will still be offered the opportunity of paying their school fees by regular payments over the school year. However, the new system also allows for instalments to be calculated and advised to families with a Schedule of Payments and the dates that they are due.

When fees are invoiced and issued in early 2026, you will be provided with a Schedule of Payments and due dates with your school fee statement to enable you to commence payments. Payments by BPay, Centrepay, Credit Card, Cash, Cheque, Compass Pay and EFTPOS are all accepted by the school.

Please note, if you do not elect to pay by instalment, your school fee account will be payable in full 30 days after annual invoicing.

The Diocesan School Fee Management Policy and Request to Pay School Fees by Instalment are available on the school's website. Alternatively, you may access these documents from the school's administration office. Families who are experiencing genuine financial hardship may apply for Fee Concession by telephoning the school Finance Office to obtain an application.
